

### Become a sponsor or featured business and help maintain our community website!

The Prince Henry community website has been created and is resourced by a small team of volunteers. We're funded solely through sponsorships, advertising revenue and donations, and need your ongoing financial support to keep the site relevant and up to date.

The following schedule contains indicative costs for sponsorships and advertising. For an outlay of \$150 you can advertise your business or service for four months – updating information during that time whenever you need to. That's less than \$10 a week!
