

The General Manager Business Operations  
Mr M. Wallace  
171 Victoria Rd  
Gladesville  
NSW 2111

Dear Mr Wallace

We are in receipt of your notice under Schedule 3 of the Telecommunications Act 1997 and are lodging this objection on the following grounds.

- 1) The date you propose has not given us sufficient time to consider your proposal.
- 2) We don't know the location of the facility you intend to install and are therefore unable to assess to what extent it may be to the detriment or inconvenience of the residents of the Harpa building.
- 3) Our communications cupboard is extremely crowded and we are unsure of the impact that your installation will have on communications and other infrastructure.
- 4) We would appreciate your advice on exactly how you propose to minimise the detriment and inconvenience.

We are not prepared to grant access to carry out the installation until we have met you on site and resolved these concerns.

Kindly acknowledge receipt of this objection to our managing agent, CF Strata Management, PO Box 636 Kingsford NSW 2032.

The Owners' Corporation  
Harpa Building.
